New Busy Schedule

After stepping our toes into deputation in the summer, our schedule really ramped up in the Fall. We had meetings almost every week since the middle of September in various states: Pennsylvania, New Jersey, Delaware, and Maryland. Every weekend came with a new church to visit and while that may have been tiring, it was a great blessing. Three of those churches announced on the spot that they will financially support us! I was asked to preach at several of the churches we visited, for most of them it was their first time “listening” to a deaf person preach while my wife interpreted. It’s great to be used as a tool to be a learning experience for them. At the end of October, we were bit surprised to see that we spent over a hundred dollars on highway tolls alone. Our schedule towards the end of the year continues to be filled with new church visits every weekend until the middle of December. We’re looking forward to them!

Surprise!

Sometimes we must say that God has a funny sense of humor. Out of all days, on Labor Day, we found out that we are pregnant! By the time we went to the doctor’s office the week after, my wife was already 11 weeks, the first trimester had almost already in the past and we didn’t know it! Apparently, we have been pregnant since the beginning of July.

Of course, this is a delightful surprise, but for it to happen as we start our deputation feels as if it throws a curveball into our plans going forward. On top of everything we’re already doing, we are now preparing for a baby, and my wife will be leaving her work sooner than expected in early 2019. We will keep our commitment to what God has called us to do, and look forward to what He has in store for us, no matter what surprises there may be. We trust the Lord knows best, and has perfect timing in all things He brings to pass.

Support Update

Since we just went to most of our churches recently, there are no new updates on our support level. We'll update it as soon as support comes in.

Prayer Requests

- For a smooth pregnancy and for us as we make adjustments going forward.
- For our schedule to be filled with more meetings, especially in 2019 since 2018 is already full.
- For our support to increase.

Thank you!!
